WHAT IT IS

WHAT IT IS NOT

NOT YOUR GRANDMA'S PRESENTATION SKILLS CLASS!

Executive Brain-Powered Presentation Solutions does NOT rehash the typical, out-dated tips you see in a normal presentation skills class:

- the appropriate font size to use
- how many words should be on each page
- how to stand and move your hands

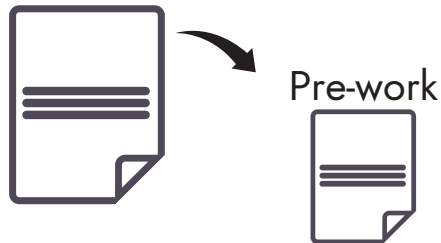

Your employees will have the confidence to present powerful messages in an intuitive manner that naturally attracts the audience's attention.

PARTICIPANTS WILL IMMEDIATELY HAVE THE SKILLS TO

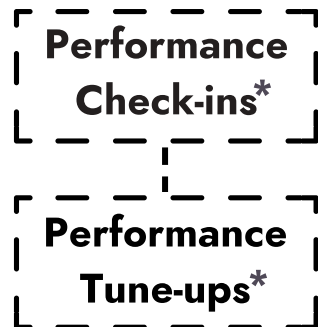

- Implement knowledge about how the brain works and why it remembers one thing over another
- Engage the audience and motivate them to participate
- Help the audience understand and retain the information shared
- Demonstrate how applying the information presented creates tangible value

WHAT'S INVOLVED

Executive Brain-Powered Presentation Solutions is a process. We'll communicate details before the event, and participants receive pre-event assessments, homework, and assignments (don't worry, it's not torture). You can select either a 4-hour or an 8-hour workshop. Employees and managers participate in their own unique workshop. Multiple follow-up check-ins post-event ensure successes are celebrated, challenges are addressed, and most importantly ... that the learning sticks and is applied.
